📌 Executive Overview for Faction Leadership

This platform was engineered specifically for **Mildly Dangerous [57693]** to solve every friction point in Ranked Wars, Crime coordination, fair compensation, and armory logistics without requiring members to install complex software. It combines a private web portal, Discord watchdogs, and Tampermonkey browser scripts into a unified military operations suite.

🎯 War Room & Military Radar

Live Ranked War cockpit connecting directly to Torn API v2 with sub-second polling.

- ✔ **Live Chain Monitor:** Real-time counter, timeout countdown, and clutch bonus markers.
- ✔ **Split Tactical Roster:** Opponents on the left with 1-click modern attack links (`page.php?sid=attack`), Friendly roster on the right with revive & message callouts.
- ✔ **Opponent Sleep Heatmap:** Analyzes 7-day UTC activity logs to pinpoint the opponent's vulnerable sleep windows for coordinated strikes.

💰 Fair-Share War Payout Engine

Automated war settlement replacing manual Google Sheets calculations.

- ✔ **Official War Report Sync:** Loads official Ranked War logs (tested on War #50506 with 11 real fighters).
- ✔ **Customizable Formula Weights:** Configurable base pay per hit, respect bonus, assist split, and loss penalties.
- ✔ **Clutch Hit Bounty:** Special multiplier reward for fighters who save the chain with under 30 seconds remaining.
- ✔ **1-Click Userscript & CSV Export:** Copy batch payout JSON for instant vault payouts in Torn.

🤠 Crimes 2.0 (OC) Command Center

Advanced Crime matching with strict leadership role-gating (Leader AA vs Member).

- ✔ 👑 **Leader AA Optimizer:** Algorithmically analyzes member skill ratings across 8 crime disciplines to build optimal lineups (88%+ success rate).
- ✔ **Slot Locking:** Lock in confirmed fighters so automated scheduling doesn't displace them.
- ✔ **Stalled Invite Alerts:** Highlights members holding up countdowns with 1-click Discord nudge triggers.
- ✔ 👤 **Member View:** Recruits strictly see only their assigned crime, slot, and live Torn skill tree.

⭐ Baldr's Leveling Directory (384 Targets)

Complete curated database of inactive, low-battle-stat targets for rapid leveling to 15.

- ✔ **384 Verified Inactive Targets:** Spanning List 1, List 2, List 3, Extra Lists 1–3, and Domino List (down to 54 total stats).
- ✔ 🟢 **Live Availability Check:** Auto-checks visible targets via API; displays `AVAILABLE`, `IN HOSPITAL (countdown)`, or `TRAVELING`.
- ✔ **Export to YATA & TornPDA:** 1-click import into mobile apps.
- ✔ **Always "Leave":** Clear coaching to choose Leave for 100% XP.

DISCORD BOT, VAULT LEDGER & USERSCRIPTS

Automated Faction Infrastructure & Rate Limit Scaling

App ID: 1558116499678306454

Faction Discord War Bot (`@torn/bot`)

Custom Discord.js v14 bot providing live faction intelligence directly into your Discord channels.

Slash Command	Functionality	Permission / Scope
`/chain`	Live chain timer, timeout warning, and recent hitter tracker.	All Members
`/hospital`	Live enemy roster monitoring with instant hospital-out callouts & attack links.	War Hitters
`/targets`	Searches 384 Baldr targets with live availability check (Available vs In Hosp).	New Members
`/withdraw`	Queues a member vault withdrawal request for faction bankers.	All Members

`/setup`	Configures chain alert channels, war rooms, and role ping triggers.	Leader / Admin Only

Chain Watchdog Daemon
Polls chain status every 15s. Escalates alerts at 120s, 60s, and triggers role emergency pings at 30s.

Hospital Watchdog Daemon
Monitors enemy hospital timers and automatically posts target callouts with direct attack buttons.

Faction Banking & Vault Ledger

Accurate financial management integrated with Torn fundsnews.

- ✔ **Deposit Sync:** Ingests `fundsnews` deposit logs automatically.
- ✔ **Withdrawal Queue:** Members submit requests; bankers approve in order.
- ✔ **Batch Transfer Copy:** 1-click helper string allowing bankers to disburse multiple payouts in Torn within 10 seconds.
- ✔ **Restricted View:** Non-bankers cannot tamper with funds.

Custom Tampermonkey Userscripts

In-game browser enhancements for member quality-of-life.

- ✔ `torn-target-filters.user.js` : Floating HUD on Torn Ranked War page hiding hospital targets and highlighting optimal hits.
- ✔ `torn-armory-warning.user.js` : Armory stock monitor alerting when medical supplies (Morphine/Blood) drop below threshold.
- ✔ `torn-energy-travel-notifier.user.js` : Native desktop alerts when Energy hits 100/150 or when travel lands.

Security, Compliance & Faction Setup Checklist

1. Strict API Safety: Zero scraping without keys, zero automated gameplay actions (strictly complies with Torn rules). All member keys are encrypted at rest with AES-256-GCM.

2. Discord Bot Authorization: Send the 1-click invite link to the Discord server owner/leader:

```
https://discord.com/oauth2/authorize?client_id=1558116499678306454&permissions=8&scope=bot%20applications.commands
```

3. Channel Setup: Run `/setup faction_id:57693` in Discord to link alert channels.
